

QUALITY ASSURANCE DOCUMENT

At Studio Meno we strive to ensure our creative output is unique, to a high standard of fabrication, and safe. As such we make the following promises about our work and output.

DESIGN

- All our designs are unique to each client. We will not make the same thing twice for 2 clients.

FABRICATION:

- Our custom built installations are built to a high standard which you should find free from defects and blemishes.
- We use the highest quality materials and techniques within reason for the task undertaken and which are permissible within the budget.

SAFETY

- Where applicable, all our products are PAT tested for electrical Safety.
- All electrical items are supplied with correctly rated, CE marked power supplies.
- Suitably rated safety chains are supplied as standard to all hanging items.
- All our in-house team and freelancers are chosen for their competence and skill, and are all fully insured for the work they do under the company insurance policy.
